Re: Duke Energy Progress, LLC Annual Review of Base Rates for Fuel Costs
Docket No. 2017-1-E

Dear Ms. Boyd:

Pursuant to Order No. 2017-405(A), Duke Energy Progress, LLC (the "Company" or "DEP") notifies the Commission that Rider No. 39 - Adjustments for Fuel, Variable Environmental, Avoided Capacity Costs and Distributed Energy Resource Program Costs and all other retail tariffs that comply with Order No. 2017-405(A) have been filed electronically in the Commission's etariff system. With the exception of Rider RNM, each of these tariffs was filed in the Commission's etariff system on July 10, 2017 in compliance with Order No. 2017-405. As a result of Order No. 2017-405(A), the Company has re-filed all of these tariffs to (1) amend the applicable Order number in the footer and (2) format the header and footer in a manner requested by the Commission's Staff. Additionally, the footer of Rider RNM is amended to reflect the effective date of the tariff as "bills rendered" as opposed to "service rendered."

The Office of Regulatory Staff reviewed the tariffs prior to submission

Yours truly,

Frank R. Ellerbe, III
